## REPORT OF THE BUDGET COMMITTEE

The 1980 Budget Committee met fourteen times during the 1980-1981 budget preparation year — March 1980-March 1981, the first meeting on April 23 being an organizational meeting at which both Chairman Edward Whitney and Secretary Lucille McDonald attempted to persuade other members to take their places, but to no avail. So, Whitney and McDonald were elected Chairman and Secretary, respectively, for another year.

Quarterly meetings were held to review financial reports of the various departments, meticulously prepared by Selectmen's Admin. Ass't. Linda L. Van Wyck. These reviews are held in accordance with the Municipal Budget Law which requires that "The budget committee shall meet periodically to review the statement of all expenditures submitted to them by the selectmen. . ."

Meetings with department heads to examine 1981 budget requests began on November 24th, and were held approximately once a week from that date on. To save time, subcommittees were appointed to review in detail the budgets of some departments such as the Highway, Fire and Cemetery. The required Public Hearing on the Budget will be held during the week of February 9-13.

At this writing, all departments' line item budget requests have been gone over once, and the second review process is about to start. In the second review, with the final results of the previous year at hand, a closer look is given to each line item, questionable figures are gone over with the department head involved, and necessary adjustments are made. Every effort is made to keep increases at a reasonable level. But again this year, as expected, budgets are up, largely due as in the past to the increased cost of oil, supplies, and salaries, and the resulting increase in the cost of insurance.

One item showing a substantial increase this year is the cost of interest paid on temporary loans — the money borrowed to run the Town in anticipation of property tax payments which are not received until the end of the year. The increase this year is due to the fact that in past years the Town had a substantial surplus which acted as a reserve, or cushion, from which the Town could pay its bills, thus delaying the taking out of a loan, and reducing the amount of money which had to be borrowed.

However, in the past two years, in an effort to keep property taxes from rising too steeply in one year, the State applied part of this surplus when setting the property tax rate. The surplus is therefore largely used up, and this means that the "cushion" is gone. A greater amount of money must be borrowed, and it must be borrowed earlier in the year than previously, resulting in greater interest payments.

The Selectmen are planning to attack this problem by putting the Property Tax listing, and tax computations, on a computer, as many towns in the region have done. This will allow, if the Town so votes, issuance of tax bills twice a year — roughly one-half the total bill each time — instead of once as at present. Payments received against the first bill will reduce the amount of money which has to be borrowed, which in turn will reduce the interest which has to be paid.

The Committee is especially indebted this year to Linda Van Wyck, who has provided excellent financial reports of each department's expenditures, and to our Secretary, Lucy McDonald, who besides preparing the meeting minutes, has been of invaluable help because of her knowledge of the budget process, and her

background as a Selectman. We also appreciate the interest and involvement of the Selectmen's Representative, who has taken the time to attend our meetings and answer our questions on budget-related town affairs.

We were sorry that Bob Krogman had to resign at the November 12, 1980 meeting, due to pressure of business, but were grateful that Anne Biklen, a former member, agreed to take his place. Edward Whitney's and Lucy McDonald's terms expire this year. If they do not run again, we hope that their places will be taken by those who will get as much enjoyment from the Budget Committee's work, and find it as interesting, as they did.

Respectfully submitted,  
Edward F. Whitney, Chairman  
Jean B. Barden  
Anne C. Biklen  
Nancy E. Campbell  
Bryan Hastings  
Lucille McDonald  
Robert V. Sharkey,  
Selectmen's Representative

CERTIFIED  
PUBLIC ACCOUNTANTS

To the Board of Selectmen of the  
Town of Dublin

We have examined the financial statements (as indexed in the table of contents) of the Town of Dublin for the year ended December 31, 1980. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Town of Dublin has not maintained a record of its general fixed assets and, accordingly, a statement of general fixed assets as required by generally accepted accounting principles is not included in the financial report.

In our opinion, except for the effects of the omission of a statement of general fixed assets, the aforementioned financial statements present fairly the financial position of the Town of Dublin as of December 31, 1980, and the results of the financial transactions for the year then ended, in conformity with generally accepted accounting principles applicable to government entities applied on a basis consistent with that of the preceding year.

TOWN OF DUBLIN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1980

1. Summary of significant accounting policies:

The accounting policies of the Town of Dublin conform to generally accepted accounting principles for local governmental units except as indicated herein-after. The following is a summary of significant accounting policies.

Basis of accounting

The accrual basis is used for all fiduciary funds. Governmental funds utilize the modified accrual basis whereby revenues are recorded when measurable and available. Expenditures are recorded when the liability is incurred (accrual basis).

General fixed assets

Fixed assets acquired or constructed for general government services are recorded as expenditures in the fund making the expenditure. Funds used to acquire general fixed assets and/or debt service payments on borrowings in connection therewith are accounted for as expenditures in the year payments are made. This is contrary to generally accepted accounting principles which require that general fixed assets be capitalized and accounted for in a separate fixed asset group of accounts.

Investments

Investments are stated at cost.

Continuing appropriations

Appropriations for certain projects and specific items not fully expended at year-end are carried forward as continuing appropriations to the next year in which they supplement the appropriations of that year. At year end, continuing appropriations are reported as a component of fund balance and are detailed as follows:

Miscellaneous town road projects	\$3,487
Septic system	289
	<u>\$3,776</u>

Taxes collected for others

The town collects taxes for ConVal Regional School District and Cheshire County which are remitted to them as required by law. These funds are accounted for as agency funds.

Interfund transactions

During the course of normal operations, the town has numerous transactions between funds including expenditures and transfers of resources to provide services and service debt. The accompanying governmental and fiduciary funds financial statements reflect such transactions as transfers.

TOWN OF DUBLIN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1980

1. Summary of significant accounting policies (continued):

Property taxes

Annually, the town establishes an amount for abatements, discounts and refunds of property and resident tax revenues known as overlay. All abatements, discounts and refunds are charged to overlay. Overlay is included under the classification of General Government in the financial statements.

As prescribed by law, the tax collector sells at tax sale all uncollected property taxes in the following year after taxes are due, where applicable. The purchaser at tax sale has a priority tax lien on these properties and accrues interest at 11% per annum. Delinquent taxpayers must redeem property from tax sale purchasers.

Property is sold to the party who will accept a lien for the least undivided interest in the property for payment of taxes and related costs due. If property is not redeemed within the three year redemption period, the property is tax-deeded to the lien holder.

Retirement system

The town provides for pension benefits to substantially all fulltime employees through a contributory system under New Hampshire law. The law prescribes the formula for computing pension benefits and presently does not permit advance funding of pension liabilities. Pension benefits are paid from town funding and employee contributions based on date of entry. Pension expense for the year ended June 30, 1980, the latest year-end of the New Hampshire retirement system, was \$1,908. There is no unfunded past service liability and the value of vested benefits has not been determined. The date of the last actuarial report on the New Hampshire retirement system is June 30, 1979.

2. Purpose of funds and account groups:

The town reports its activities in numerous individual funds to comply with the limitations and restrictions placed on both the resources made available to the town and the services provided. Individual funds and account groups summarized in the accompanying financial statements are classified as follows:

A. Governmental funds

These funds are intended to provide recurring general services. They are controlled by a budget approved by the voters.

General funds - used to account for all revenues and expenditures which are not accounted for in other funds or account groups.

TOWN OF DUBLIN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1980

2. Purpose of funds and account groups (continued):

Special revenue funds - used to account for specific restricted federal revenue sharing revenues and expenditures for various purposes. Receipts and expenditures are governed by the provisions of the federal revenue sharing regulations.

B. Fiduciary funds

Trust and agency funds - these funds are used to account for assets held by town in a fiduciary capacity for various purposes including cemetery operations, and taxes collected for other governmental units. Receipts and expenditures of each fund are governed by statutes or local law.

3. Budget:

The town budget represents departmental appropriations as authorized by annual or special town meetings. The selectmen may transfer funds between operating categories as they deem necessary.

4. Long-term debt:

Long-term debt, all payable to banks, representing unsecured general obligations of the town at December 31, 1980 and 1979, consisted of the following:

<u>Due Date</u>	<u>Interest Rate</u>	<u>Annual Principal Payment</u>	<u>1980</u>	<u>1979</u>	<u>Purpose</u>
12/ 3/81	5½%	\$ -	\$ -	\$ 3,395	Charcoal Road Bridge
12/30/81	4 3/4%	4,510	4,510	9,020	Highway truck
4/18/87	3½%	2,333	14,003	16,336	Tool barn
7/26/87	5½%	3,978	27,842	27,842	Fire truck
5/27/88	7%	2,995	23,991	-	Highway truck
		<u>\$13,816</u>	<u>\$70,346</u>	<u>\$56,593</u>	

5. Non-expendable trust funds:

The principal amount of all non-expendable funds are restricted either by law or specific terms of individual bequests, in that only income earned thereon may be expended. Principal and income balances at December 31, 1980 are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
Common funds	\$130,025	\$ 706	\$130,731
Library building fund	10,720	5,600	16,320
Accumulated income fund	-	25,690	25,690
	<u>\$140,745</u>	<u>\$31,996</u>	<u>\$172,741</u>

TOWN OF DUBLIN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1980

6. Expendable trust funds:

Expendable trust funds (capital reserve funds) at December 31, 1980 are detailed as follows:

Heavy highway equipment	\$ 7,865
Recreation	2,162
Bridge construction	306
Fire equipment	12,954
Police cruiser	3,092
Cemetery equipment	2,000
Dump equipment	<u>3,000</u>
	<u>\$31,379</u>

7. Prior period adjustments:

The general fund balance as of January 1, 1980 has been reduced by \$12,319 from the \$82,428 previously reported as follows:

Removal of federal revenue sharing funds in checking and savings accounts to be reported as a special revenue fund	\$ 9,580
Reclassification of timber tax security fund as amount held in escrow	<u>2,739</u>
	<u>\$12,319</u>

In addition, the restated general fund balance of \$70,109 has been allocated between \$2,200 appropriated in 1979, but designated for expenditure in 1980, and \$67,909 of undesignated funds. The undesignated funds include \$16,169 of savings account balances previously reported as restricted fund balance.

The prior balance sheet has also been restated to reflect the policy of reporting taxes collected from school and county and payments to the school and county in a property tax agency fund.

## DUBLIN PUBLIC LIBRARY

A most significant improvement in library history has been the special 1980 project enabling the library to share with the town hall its own water source, proper sewage, a new retaining wall, and a stairway to the lower level of town land.

A new slate roof has been installed on the building, rotten boards replaced with new and tarred on the slanting south side. The copper drains were removed and stored within the building, as being too expensive to repair or replace. New drains were attached.

The library trustees met eight times during the year plus many informal visits and telephone conversations. They give generously of their time, and their role is an important one in writing a well defined library policy, working on the annual budget, in understanding the needs of the community in library services.

The librarian meets with the trustees. In addition to her regular duties she has the opportunity to visit nearby libraries as a delegate to the four yearly district meetings, monthly neighborhood cooperative meetings, and the annual New Hampshire Library Council Conference. She attends workshops. It is in this way that she attempts to expand her knowledge in library services and the requirements necessary for our library to belong to the Statewide Library Development Program. Her book policy has to meet with the approval of the trustees.

Any personnel working in a public library, without a professional library degree, must have completed, or be enrolled in Public Library Technique courses one year from their appointment and complete the program (eight courses) in six years.

In March a successful "Meet the Candidates" meeting was held. In May a talk on "Antiques", with Andrew Elder the speaker, and Nancy Campbell's exhibit of antiques. In June Beech Hill staff presented the film "Chalk Talk" followed by a talk on alcoholism. Betsy Elder exhibited some of her handmade puppets in December.

Films for children, in cooperation with Dee Fontaine and the Playground, were held in July and August, as well as the annual library party. Preschoolers have been in Wednesdays to see their own schedule of films.

The Boy Scouts have two shelves for their reading materials in the Gowing room, as well as use of the projector for films of their choosing. Each week the Exercise group meets, and Extension and the Ben Franklin Stamp Club meet monthly.

We have been "weeding" the collection and doing a complete shelf list, which is a library's inventory.

Proposed legislation will be introduced in 1981 for libraries. We hope it merits your support. If passed, "it will strengthen library resources with interlibrary loan programs, WATS information line to Concord, central computerized data banks, and special collections. It will broaden public usage of libraries with special efforts to serve the young, the elderly and handicapped."

We thank the following friends of the library for their special gifts of money, pictures, books and magazines: Mr. and Mrs. E. Allison, Hildreth Allison, William Bauham, Mrs. James Cuddihee, Miss Jennie Elder, Mrs. Jane Hawkins, Mrs. C. Doyle, Mrs. F. H. Moore, Mrs. J. McKee, Mrs. Mark Peterson, Beekman Pool, Lawrence Rathbun, Samuel Spiker, Robert Sweet, Mr. and Mrs. R. Trowbridge, Mr. and Mrs. F. Von Stade, C. Yeomans, Albert Wolfe, Dublin Conservation, Yankee and Mountain Messenger. And to all those unknown patrons who have dropped such good paperbacks into our bookdrop!

## REPORT OF the DUBLIN ROUTE 101 BY-PASS SUBCOMMITTEE

In the long drawn-out struggle for a Dublin Route 101 bypass, the year 1979 ended with an Informational Hearing on December 12, called by the Selectmen to bring townspeople up to date on the status of the bypass, among other subjects. This was closely followed by the State's Informational Hearing #5 on December 18, both meetings being held at the Dublin Consolidated School. Edward Whitney, Sub-Committee Chairman, spoke at both meetings and announced that the Sub-committee would recommend Corridor B3 with slight variations as the corridor which would do the least harm to the fewest number of people.

A letter, containing the above recommendation, dated January 30, 1980 was sent by the Sub-Committee to all Dublin residents. In it the Sub-Committee gave its reasons for its final choice and listed three questions which would appear on a ballot at the March Town Meeting. These questions were designed to give voters a chance to vote for or against Corridor B3, for or against any bypass, or to suggest another of the corridors if they were in favor of a bypass, but not in favor of B3.

Meanwhile the Dublin Planning Board had arranged a Panel Discussion for February 14th, to be moderated by Governor's Councilor Judd Gregg, to discuss the bypass problem, with the aim of helping "the Dublin voters (to) understand the full ramifications when they vote this March".

The original members of the Panel were: Commissioner John Clements, Dept. of Public Works and Highways; Thelma Babbitt, Monadnock Sierra Club; Daniel Burnham, Grand Monadnock Farm, representing a group of Dublin residents; Meade Cadot, Harris Center for Conservation Education; John Colony 3rd., Harrisville Bypass Committee; John Hansel, No East West Highway Committee; Catherine Larson, Southwest New Hampshire Planning Commission; and Edward Whitney, Dublin Route 101 Bypass Sub-Committee.

To many, this panel, with the exception of Commissioner Clements who was not in a position to express an opinion at this stage in the planning process, and Whitney, was over-weighted in favor of opposition to the B3 Corridor or any bypass. Accordingly, a petition was circulated which accumulated 193 names, asking that Mr. Beekman Pool of Dublin, who had shown considerable interest, be added to the panel. This was done, and a full auditorium heard the positions of the various speakers, followed by a question and answer period. Opposition to Corridor B3 was strong, as expected, from Babbitt, Burnham, Colony and Hansel.

Article 4 on the Warrant for the Town Meeting of March 11, 1980 contained the three questions which the Sub-Committee's letter of January 30, 1980 had outlined. These questions, and the Town's vote, were as follows:

1. Do you agree with the By-Pass Sub-committee's recommendation that Corridor B3 with slight variations be the corridor selected as the corridor for the eventual Route 101 By-pass of Dublin? Yes 223 No 107

2. If your answer is "No" to Question 1, are you in favor of any by-pass of Dublin? Yes 64 No 63

3. If your answer is "Yes" to Question 2, which corridor would you choose as the best?

A 1 B2 2 F1 1

B 1 C 1 G 26

B1 1 F 3 I 6

Three hundred sixty-two ballots were given out. Thirty-two were returned undecipherable.

The voting, after deducting the 32 undecipherable ballots, showed 2 to 1 support for the B3 recommendation — 223 to 107, or 68% in favor. On Question 2 and 3, forty-

two voted for a scattering of various corridors other than B3, and sixty-three were opposed to any corridor. So, in all, 265 (223 + 42) were in favor of some bypass and 63 were opposed — or 81% in favor. And of those in favor of a bypass 84% supported the Subcommittee's recommendation for Corridor B3. The results of this vote were sent to Commissioner Clements and other interested State officials.

On April 21, 1980 the Department of Public Works and Highways held a "Scoping Meeting" in Concord. This is a meeting required by a 1979 law to bring the issues involved in a "Major" project such as this (75% Federal, 25% State funds) before all Federal and State departments which will have a part in the approval or disapproval of the Highway Department's Environmental Impact Statement (EIS). Fourteen or more departments were represented and twenty or more speakers from Dublin, Harrisville and Monadnock Region groups gave testimony. Mr. Whitney, Mr. Pool and Mrs. Spencer, among others, upheld the Subcommittee's choice of Corridor B3. Summaries of their remarks were forwarded later to the Federal and State officials involved.

The N.H. Department of Public Works and Highways held its 6th Informational Hearing on August 14, 1980 at the Peterborough Armory. As a result of vigorous efforts by a private Dublin group, Dublin citizens turned out in force. Representatives of the Subcommittee, the private group named DARE (Dublin and the Regional Emergency), and other Dublin residents spoke in favor of B3 in a meeting which lasted until after midnight. The Harrisville Committee maintained that B3 would have "catastrophic visual impact" on Historic Harrisville, and they produced a composite photograph taken from a Harrisville factory roof of the hillside where a road within Corridor B3 might go to illustrate their point. The State Highway Department did not agree that the photograph represented an accurate illustration of what such a road would look like from the center of Historic Harrisville.

At the Hearing the State advised they would concentrate their efforts on writing the necessary Environmental Impact Statement, for which their scheduled preliminary release date would be December 1, 1980, with a Corridor Hearing to follow in February or March of 1981. This schedule has recently been set back. At present writing the EIS is expected in February and the Corridor Hearing in April or May 1981.

As the year drew to a close, the Subcommittee was advised that Historic Harrisville was planning to apply for extension of its boundaries, east and south to the Dublin Town line. This would put the Harrisville portion of Corridor B3 within the Historic Harrisville District, and would make more difficult, or even impossible, further consideration of B3 as the Dublin bypass corridor.

After careful consideration of the reasons for this extension, given in Harrisville's application, it appears to the Chairman of the Subcommittee that there is not proper justification for such an extension, and that it is, in fact, another attempt on the part of the opposition to Corridor B3 to block consideration of that corridor. Accordingly, he will speak in opposition to this extension at a Hearing to be held by the N.H. Historic Preservation Office in Concord, on January 15, 1981.

Respectfully submitted,

## DUBLIN SUMMER PLAYGROUND PROGRAM

This report ends the fifth year of the Dublin Playground. It seems that this summer the program has been successful, for many reasons.

The first reason would be the support that comes from individuals of the community. This includes parents of children directly involved with the program but also people who have no children involved.

In the past years John Summers has given free tennis lessons on Mrs. E. C. MacVeagh's court. The Dublin Oil Company has picked up the Playground trash. The Scribners have allowed the children to use their back field.

Dorothy Worcester has given up countless hours for movies, library parties, and one summer her library mobile visited us. School custodians have most graciously worked around us to get the school ready for the next session.

There have been many others involved such as the judges for the dog shows or cake decorating contests, and even people who showed us a specific craft such as Mrs. Elder and her puppets.

Financial support has been another reason for its success. In past years the town has allotted about 80% of the needed money which meets the minimum budget. But there have been many private donations.

The first year there was one donation from the Dublin Community Church plus private individuals because they felt the program had a good future. This year as in the past, the Dublin Community Foundation gave a substantial gift.

There have been many private donations this year. The Town of Dublin contributed \$3,915.00, the Community Foundation gave \$900.00, and a private contribution of \$100.00 was made, bringing the Playground budget to a total of \$4,915.00.

A third reason for the program doing so well this year was the fact that all the people working on the Playground had worked the summer before. Laura LaFortune and Penny McDonald returned for their third year and Bill Gnade for his second.

Eighty children between the ages of 5 and 15 registered from Dublin. More participated, however, because all ages were allowed at the movies, the Little Red Wagons, the trip to the Friendly Farm, Canobie Lake Park, and the Red Sox game. The final average after totaling up all the weeks was 40 per week.

New programs added this year were the doll contest, roller skating in Keene, backwards day, one additional Walt Disney movie, and sending Tom Lewis to the YoYolympics State Finals.

The Playground would like to give special recognition to Nancy Campbell, Dublin Foundation, Dublin Oil Company, Richard Dunning, Mr. and Mrs. Hugh Eaton III, Stephen Fontaine, Bill Gnade, Al LaFortune, Laura LaFortune, and Jill Lawler;

Also, Sergeant William Lee, Ruth Levins, Brian and Lucy McDonald, Penny McDonald, Franklin and M. E. Moore, Mountain Messenger, Mr. and Mrs. Alfred Pellerin, The Peterborough Transcript;

And, Nancy and Fred Rieseler, Mr. and Mrs. Glen Scribner, Pam Snitko, General and Mrs. I. D. White, Dorothy Worcester, Yankee Bulletin Board.

## REPORT OF DIRECTOR OF CIVIL DEFENSE

This has been another quiet year for the Civil Defense department. Last year all of our radiological instruments were sent to the Civil Defense Agency in Concord to be recalibrated. They have now been returned.

This past summer Mike Walker (assistant director of Civil Defense), Bob Sharkey (Selectman), Robert McLean (Chief of Police) and I attended a two day seminar entitled Basic Emergency Management Planning. The department is updating this plan.

Each year we have to update our program procedure papers. They have been approved by the Civil Defense Agency-Region I.

This year's budget was used to purchase a four channel scanner with emergency frequencies.

We hope 1981 will be another quiet year.

Respectfully submitted,  
Brian Barden

## REPORT OF SITE INSPECTOR

This has been an average year for additions, alterations and garages but there has been a decline in new home construction.

The new Thermo and Lighting Code and new steep slope ordinance now require more time per building permit.

I would like to remind everyone that a building permit is required for construction over \$1,000 in value.

The permits issued in 1980 are as follows:

6 new homes	\$656,000
4 new garages	26,000
1 tennis court	10,000
1 new barn	14,600
15 additions or alterations	183,600
2 solar additions	23,500

Respectfully submitted,  
Brian Barden

## HIGHWAY DEPARTMENT REPORT

The highway department did all of the usual jobs throughout the year such as grading roads, ditching, patching, cleaning culverts, and pulling beaver dams. Although we didn't have many storms, we did do a little plowing, sanding and salting.

"Tar Special" was done on the Korpi, Page, Craig, and Windmill Hill roads. All of the tar roads have now been sealed over the past four years.

TRA was completed on a section of the Lower Valley Road. This section of road was widened and culverts placed.

The much-needed Mack arrived in mid-summer and so far has worked out well.

As always, the residents of Dublin have been very supportive. I would like to thank all of you for the support you have given the highway department during the past year.

Respectfully submitted,  
Clarence Babneau, Highway Agent

## 1980 CEMETERY ANNUAL REPORT

The Dublin Cemetery has finally completed in 1980 improvements that were greatly needed.

All tombstones have been repaired.

Every tree worked on.

Lawn mowers new and working.

Seven new gates installed.

The two old hearses have been put in the Town Hall basement for safekeeping.

Now we can concentrate on better overall upkeep.

See you Memorial Day,

Charles S.B. Pillsbury

Superintendent

Dublin Cemetery

## REPORT OF THE DUBLIN FIRE DEPT. 1980

The past year has been an extremely busy year for the fire dept. We have had a 15% increase in emergency calls during the year. This causes additional time in training to be spent as well as additional equipment maintenance. A total of 60 emergency calls using up 696 man hours. Chimney fires and wood stove related problems top the list of calls. This is no reflection on Dublin residents alone as departments across the country have also felt the increases. It is to the homeowners' advantage to contact the Fire Chief before the installation or operation of wood burning equipment.

The new fire truck is now completely ready for service. There were a few "bugs" to be worked out but this has been taken care of. The Dublin Fire Company purchased two pairs of rechargeable hand lights, winter gloves, and additional 4-inch hose to better equip the department.

The newest request on the department is for emergency medical help. This is the first aid required for an injured or seriously ill person before transportation to the hospital by ambulance. The Peterborough ambulance crew does an excellent job for us. However, there is a serious time lag while they are driving to Dublin. It is these precious minutes that sometimes control the seriousness of the particular injury. It is up to persons in town to administer the initial treatment. State law requires that a person must hold a valid Advanced First Aid Certificate before offering help to injured or sick. The fire department does not have the available manpower to perform this duty alone. The fire department did however sponsor a first aid course with Hillsboro County Red Cross at our fire station. This was open to all Dublin residents. Seven persons have now completed their advanced first aid course. It is hoped that another course held during 1981 will attract more people and perhaps a group of these trained people may finally be organized.

The job of a volunteer fireman is many times more difficult and time consuming than it was 10 years ago. There have been many new materials added to the average home or business recently and many of these present new problems in fire safety. The many dedicated and capable men of your fire department have trained continuously on the latest equipment available and are capable of offering you fire protection on the same level as many city departments. I would like especially to thank those men for their continued support and respect.

Respectfully submitted,  
Michael Worcester, Chief

## REPORT OF THE BOARD OF ADJUSTMENT

According to State Law, the Board of Adjustment "may, in appropriate cases and subject to appropriate conditions and safeguards, make special exceptions to the terms of the ordinance in harmony with its general purpose and intent and in accordance with general or specific rules therein contained." (RSA 31:66) "Ordinance" in preceding sentence refers to the Zoning Ordinance adopted by the Town.

In 1980, the Board of Adjustment acted on the following:

Approved a petition for James and Linda Bensinger for a variance of lot size of less than two acres and granted a special exception to operate a retail gift and antique shop in the Village District.

Approved a petition for Allan Van Hoogen and David Whitfield for a variance of lot size of less than two acres and granted a special exception to operate an aluminum and glass fabrication project.

Approved Zygmunt Kisluk, owner of Kisluk's Countryside Gardens, petition for a special exception for retail sales.

Approved a petition for Reuben Korpi for a special exception to operate a pit for fill and gravel subject to action of the Planning Board to issue a permit.

Approved a petition for William Pickford for a special exception to operate a pit for fill and gravel subject to action of the Planning Board to issue a permit.

Approved the petition for Thomas L. Havill for a variance of lot size on a non-conforming lot of one acre and for an addition to existing building subject to a setback of not less than 20 feet from the southern property line provided that a building permit be issued for the addition built in 1977.

Respectfully submitted,

## HEALTH OFFICER

The activities of the Health Officer have included the usual assistance to home owners concerning septic systems and health requirements for home industries. This year also included two dog bite cases and one complaint of inadequate temporary toilet facilities.

The most satisfying work this year was acting as coordinator of the building activities concerning the septic system, drainage, well and wall for the Town Hall and the Library. In addition to the planned construction it was determined early on that the oil tank in the library would have to be replaced, so a new 1,000 gallon tank was buried outside the library removing a potential fire hazard and giving additional storage for the library. Should the bottom floor of the Town Hall be renovated, I recommend the fuel storage tank be buried outside of the furnace room there. Electrical, telephone, and water lines have been rerouted and their locations mapped to assist future repairs. The public service poles and power lines behind the Town Hall and Library will be removed and a new pole installed to connect to underground conduits already installed.

A bonus received by the Town was the fill from New England Telephone Company work being done on Main Street to help level out a future parking area. Through the efforts of Chick Babenau the Town also received many yards of clean sand from the contractor removing the bypass of Howe Reservoir Bridge. This fill will settle this winter and be an excellent low cost base for a parking area. Special thanks to the Highway Department for their assistance and cheerful cooperation.

A handrail for the new steps is still required and the area between the new wall and Main Street parking must be sealed in the spring.

I believe the Town has completed a significant link in controlling surface water in the Town center, provided a safe water supply and a dependable sewerage system for the Town buildings. All work was completed in an excellent way by Norman Davis. His advice and suggestions throughout the planning and construction saved the Town time and money and contributed to the fine looking area.

Daniel J. Walsh  
Health Officer

#### EMERGENCY NUMBER 352-1100

This was the first year with an additional fulltime Police Officer, partly funded by the New Hampshire State Highway Safety Agency. A new officer was hired May 9, 1980 and spent a good deal of time with Highway Safety Projects. The number of traffic violations were up dramatically: 336 persons were summoned and prosecuted and 24 persons driving while under the influence were arrested. There were 48 auto accidents and 18 persons injured requiring examination or treatment at our local hospitals. Unfortunately, we had one fatal: a motorcyclist who lost control at cemetery corner.

The Department is making a great effort to keep drunk drivers off our roads. We feel that there would have been more serious accidents had not the drunk driver been apprehended. Our Police Department has been recognized as doing an outstanding job on Highway Safety and your Chief has been appointed to a seven member New Hampshire Chiefs of Police Association Highway Safety Committee.

Armed Robberies, Rape, Burglaries, Vandalism, and other serious offenses have plagued Dublin and the surrounding area this past year. I would like to thank all Agencies for their co-operation in helping solve some of these cases. Rural crime has increased 14% over the past year and I am taking this opportunity to say that all town people should be aware of this and take precautions with their homes and belongings. This means locking your doors and motor vehicles every night. The support given the Police Department at last Town Meeting was certainly appreciated. Hopefully, we have lived up to it this past year.

Respectfully submitted,  
Robert N. McLean, Chief

## PLANNING BOARD ANNUAL REPORT

The first changes to the Dublin Zoning Ordinances and Land Use Regulations resulting from the Dublin Comprehensive Plan were implemented at the 1980 Town Meeting. The Neighborhood Commercial District at Bond's Corner was designated along with initiation of the Steep Slopes Regulations. Use of Mobile Homes and light industry operations were modified. The subdivision regulations were amended to allow conditional subdivision of land on a class VI road (discontinued, subject to gates and bars) until such time as land is to be used for buildings or development. When building permits are requested the owners will be responsible to construct roads to town standards that provide proper frontage for the land use. A newly revised "Regulations Affecting the Use of Land in the Town of Dublin, N.H." was published in 1980.

The majority of the efforts of the Board are devoted to requests for subdivisions. In addition to those listed below the Board has assisted several potential subdividers and provided assistance with boundary adjustments to facilitate development and better land use.

Alexander Albrecht	2 lots	approved
Peter Brockett	2 lots	re-approved
Gordon VanCampen	5 lots	disapproved
Robert Allen	3 lots	approved
Ralph Rohena	2 lots	withdrawn
B.J. Woodward	2 lots	approved
Norman Lynch	2 lots	approved
Patricia Walker	4 lots	approved
Weldwood Trust	7 lots	approved
Louisa Spencer	2 lots	approved
Carl Niemela	4 lots	approved
John K. Long	3 lots	approved
Louisa Spencer/G. Clark Jr.	2 lots	approved
John Niemela	8 lots	withdrawn

A continuing concern of the Board is the placement and alignment of driveways on to town roads to provide safe entrances and exits as well as prevent erosion or flooding of these roadways. The Board is using the State Highway Department Policies and Procedures as a guidance.

The Board wishes to publicly thank Allan Fox for his untiring efforts for the betterment of the town as a member of the Planning Board and also as Selectman over the past years.

Allan has been a member of the Board since 1971 and has been the Chairman for over five of those years. He was the guiding force behind the community effort to design, initiate and carry through the Dublin Comprehensive Plan to acceptance by the Board in 1979. Allan worked hard to prepare planning guides for the growth of the community. During 1977 and 1978 these guides limited subdivision until the Comprehensive Plan was completed and accepted by the Board.

Through the Southwestern Regional Planning Commission Dublin and Marlborough sponsored a new Circuit Rider Program providing planning and administrative assistance to both towns on a part-time basis.

Dan Walsh was appointed to the Board to fill a temporary absence of a Board member and was elected Chairman when Allan Fox resigned from the Board effective June 1, 1980.

The Planning Board meets the first and third Thursdays of each month at 7:30 P.M. in the Dublin Town Hall. All meetings are open and everyone is welcome. An observer from the Conservation Commission usually attends.

### RECREATION COMMITTEE ANNUAL REPORT

1980 was a year of transition for the Recreation Committee. Both Judy LaFortune, a member of the original committee, and John Pierce chose not to stand for re-election; Walter Snitko, a committee member of many years, as well as Pee Wee coach for four years, resigned due to a job change. Thus, it became a time for old members and new members to get to know and work with each other.

Many thanks to the Rev. Carl Nannini and Mike Sundstrom who coached Little League and Pee Wee baseball respectively. Too often we take for granted the time that the coaches (and their families) put into the making of an enjoyable program for the children during the baseball season.

We are fortunate to have a very successful summer program in Dublin. This is due to the talent and dedication of Dee Fontaine and her aides and assistant (Penny MacDonald, Bill Gnade and Laura LaFortune). Through her efforts the children in town have seven weeks of fun, learning and recreation. It is well run and well attended.

In September the Committee sponsored a Bike-a-Thon for Cystic Fibrosis. Three children, David Sundstrom, Carol Bernier and Todd Rajaniemi, received special T-shirts for receiving large pledges. Many thanks to all who helped and rode their bikes. We hope to make this a yearly event, a good way to both see the foliage and help a worthy cause.

The Annual Halloween Party was again great fun. There was a movie, doughnuts and cider and the Parade of Costumes. Everyone received a prize from the Witches Cauldron, courtesy of the Woodmen of America. Special thanks to Al and Hattie LaFortune and Wendy and Dick Dunning for use of the school and all their help.

We are all looking forward to the coming year and are sure it will be just as successful as the one just completed.

## REPORT OF THE CONSERVATION COMMISSION

The Commission has held twenty one meetings during 1980 on the 2nd and 4th Tuesday monthly, with the exception of holidays.

During the winter, Commission members attended a meeting to learn about the Soil & Water Conservation Act enacted by Congress in 1977. Public response to policy objectives proposed by the USDA was requested. Commission members filled out the questionnaires and expressed their opinions.

The Commission felt that a constructive plan should be initiated in order to prolong the life of Dublin's Landfill. Increased use of the facility is filling up the area sooner than anticipated. The Commission has met with the Selectmen and Health Officer to discuss the possibility of establishing a recycling program in Dublin. After meeting with Mr. Lawn, a Peterborough Selectman, and Elizabeth Bedard, representing the Governor's Council on Energy, a sub committee was appointed to make a study of the problem and to make recommendations. Members of the committee are John Elder, Julien McKee, Derek Van Wyk, and Isabel Pratt.

The State Highway department asked the Commission to identify on a large map historic sites, trails, and wetlands within the proposed Route 101 corridors. We also supplied information on the environmental impact of the proposed corridors, as requested by the State. Two Commission members attended a Scoping Meeting held in Concord.

Plans for use of the Town's Conservation land were reviewed in April with Tom Chrisenton, of the Soil Conservation Service, and John Ferguson, County forester. Boy Scouts took a field trip on the land with Mr. Ferguson, to learn about selective timber cutting and wood lot management. An access road from Route 101 onto the Town land was built by state contractors last fall, after completion of the Howe Reservoir Bridge.

On May 27, our Conservation Commission and other commissions sponsored a special meeting in Peterborough concerning the conservation of rural open space and agricultural land. Douglas Horne, from the National Trust for Historic Preservation, Jan McClure, from the Society for the Protection of N.H. Forests, and Linda Wilson, from the State Preservation office, were principal speakers.

A project to place 150 Dublin houses in nomination to the National Register of Historic Places under a Multiple Resources listing, is nearly completed. We employed Lucy Shonk, who has done hours of research at the Registry of Deeds and other sources. Bill Bauhan is to be commended for the countless hours he has voluntarily given to compile and edit material. We appreciate help given by Nancy Perkins and Allan Hollander. Funds for this project were raised from individual donations and a \$375.00 grant from the federal government.

On June 25, 1980, the Dublin Town Hall was entered in the National Register of Historic Places. We are grateful to Lucy Shonk, who prepared the forms submitted to historic preservation officials in 1978.

During the spring and summer, the Commission tried to locate possible sources of gravel for the Town. Letters were written to several landowners, requesting permission to have test borings done on their property. On site investigations and evaluations were done by Jerry Rosenberg, soil scientist with the USDA Soil Conservation Service in Keene. So far, no large sources of gravel have been located for the town.

Two meetings of the sub committee on Open Space were held to discuss with land owners protective covenants they may wish to consider in order to protect property high on the slopes of Mt. Monadnock.

The Commission continued a roadside tree planting project to replace trees lost from salt damage or disease. On April 26, Commission Members, assisted by three Boy Scouts, planted 7 young trees.

The annual roadside clean-up, sponsored by the Commission, was held on May 3rd. With help of volunteers young and older, and 10 pick-up trucks, most of the town's roadsides were covered. The Naylor's cooked a picnic lunch for workers and prizes were awarded to winners of the poster contest at the Elementary School.

Tuition costs were underwritten by the Commission to send Tina Fortin and Tracey Bean to the Youth Conservation Camp at Interlocken Camp, Hillsborough, in June. The five day program stressed conservation principles and natural resource management. The girls gained a great deal and shared their experiences with us on their return. \$75.00 was also contributed toward the 5th and 6th grade trip to Ocean Park.

The Commission has reviewed three applications to the Water Resources Board for permits to dredge and fill. We have also reviewed requests for building permits.

One issue of "Dublin Dirt" was published in February, 1980.

We have attended meetings of the Planning Board, Board of Adjustment, special meetings of the S. W. Regional Planning Commission, and a hearing of the State Highway Dept. In November the Commission participated in a panel presentation on "How to implement Master Plans", a program co-sponsored by the New England Environmental Network and the S. W. Regional Planning Commission.

At the Annual Meeting of the Cheshire County Conservation District, on March 27, the Commission accepted for the Town of Dublin an award certificate "for significant progress in the field of conservation and for outstanding achievement in wetland conservation."

A book entitled "The Wild Flowers of Dublin, N.H." by Elliott and Kathleen Allison, was published in early July. This carefully prepared book is a valuable gift to the Town. We are grateful to the Allisons for giving partial proceeds from the sale of the book to the Commission.

We wish to thank members of the Planning Board and Board of Selectmen for their help on numerous occasions during the year.

We will miss Marsha Niemela, who is retiring from the Commission this year. We wish to thank her for all she has contributed during 8 years of service!

Respectfully submitted,

## CONVAL SCHOOL BOARD REPORT

My first year as Dublin School Board representative has been an interesting and instructive one. I am most appreciative of all the help given to me by fellow Board members and by the Administrative Staff.

The year started with John Carr very ably filling in as Superintendant while still fulfilling his role as Assistant Superintendant. This was an enormous task and John should be congratulated for doing an excellent job. Bob Reidy, our new Superintendant, came in May. He has proved more than capable and has been very successful in his dealings with school personnel and with the Board. We are lucky to have such a fine replacement for Bill Page.

Salary negotiations with the teachers were concluded in December with an 11% increase for next year including salary and fringe benefits. This settlement seems fair to all parties as there was only a 5.7% increase in '78-'79 and a 6% increase last year. These increases did not begin to keep up with inflation.

The energy computer has been installed at the Middle School and is being programmed to conserve energy there and at the High School. The computer has pointed out many malfunctions in the mechanical systems at both schools which are being remedied. As soon as these technical problems are solved, the computer can be properly programmed and should be fully functional. The computer was installed as part of a federal energy grant which was channeled to us through the state. Recently, daily trends seem to be indicating a decrease in usage at both schools.

Dublin Consolidated School has had storm windows installed throughout the building with the exception of the stage and gym areas. The entire roof was redone with added insulation which will hopefully eliminate problems caused by a buildup of snow and ice. The storm windows and the roof insulation should reflect in reduced fuel consumption. The staff has reduced the kilowatt hours used this year by an average of 48% over last year for which they are to be commended. A new oil tank was installed in 1980 and the school is scheduled for exterior painting in 1981.

Conval School District has changed its accounting system for the 1981-1982 budget to Handbook II. This system is a much more precise method of accounting than the old one. The Supervisory Unit, which includes Conval and Jaffrey-Rindge, has purchased an NCR computer which will be installed this spring. Our accounting system is one of the things which will be programmed into the computer. The use of Handbook II plus computerization will make our accounting very efficient.

We are still working on a fully integrated curriculum for the District and the School Board has authorized three early release days in March so that the staff can work together toward this goal. Extensive writing of curriculum will take place this summer. The Health Program, which is uniform throughout the District, is now implemented in some aspect in all of the elementary schools. It will be fully implemented in grades 2-7 by the end of the 1981-82 school year and in Readiness-7 by the end of 1982-83.

Our District, as all school districts in New Hampshire, is facing a possible cut in state aid for state and federally mandated programs for the handicapped. Should these cuts materialize, it will put a severe financial strain on us all.

The budget which will be presented on March 5 at the District Meeting represents an increase of 9.7%. We have done our best to hold down costs. The budget philosophy has been "no new programs this year". With inflation at over 13%, I feel that the staff has done an excellent job in preparing their budgets.

#### SELECTMEN'S REPORT ON 1980 PROPERTY VALUATION UPDATE

At Town Meeting, March 11, 1980, the Town voted to update the 1975 real estate appraisals bringing every piece of property up to 100% current market value. Periodically the State of N.H. requires every town to bring all property values into line with other surrounding towns in order to equalize County Tax and School Tax assessments.

The update was done by Whitney Associates, professional appraisers from Peterborough. Every Dublin property record card was carefully reviewed and in many cases on-site visits were made.

ALL property assessments were raised equally by the factor of 1.45 of the 1975 assessment. All new buildings, sub-divisions or other property changes were assessed through the on-site inspection process. All errors that were found to exist on the property record cards were corrected and the final "proof" was done by each property owners review of the 1980 tax bills.

The 1.45 figure was determined through careful research by Whitney Associates, using such factors as inflation and the increases in the real estate market in the Monadnock Region during the past 5 years. The 1.45 factor brought the 1975 assessments up to 100% current market value.

For Example:

	100% Assessment 1975	(5 years of inflation & increased value)	100% Assessment 1980
Buildings	35,000.	X 1.45 =	50,750.
Land	5,000.	X 1.45 =	7,250.
TOTAL	40,000.	in 1975 increased in 1980 to	58,000.

The 1980 Property Tax Bills were up because of **INCREASED EXPENSES.**

	1979	1980	Increased Dollars
TOWN	\$279,284.	\$401,312.	\$122,028.
SCHOOL	384,536.	*462,868.	78,332.
COUNTY	60,870.	57,550.	(3,320.)
TOTAL	\$724,690.	\$921,730.	\$197,040.

\*1980 Dublin's Cost per child is \$2,540 — there are 182.6 students enrolled.

#### NOTES OF INTEREST

Again in 1980, as in 1979, \$50,000 was taken from Dublin's Accumulated Surplus Funds and applied toward the Tax Rate thus lowering the rate about \$0.10 per \$100.

Elderly Exemptions totaled \$95,000.

Solar Exemptions totaled \$12,080.

Veteran Exemptions numbered 93 for a tax credit of \$5,300.
